advantages

challenges

- Lack of fluency of Estonian language
 - IT oriented

- + Fluency in other languages
- + Different background
- + International Experience

International House of Estonia

The image shows the exterior of the International House of Estonia building at dusk. The building has a modern architectural style with a facade of large, reflective glass panels and light-colored panels. The interior lights are on, creating a warm glow. In the foreground, there is a paved courtyard area with some greenery and a person sitting on a bench. The sky is dark, and the overall atmosphere is calm and professional.

- + One-stop shop @Ülemiste City, Tallinn
- + All services are in English and free of charge
- + Personal consultations need pre booking
- + Visiting hours Tue-Thur 9-16:30
