

International Student Ambassadors of the University of Tartu

1. Overview

1.1 International Student Ambassadors (ISA) are a group of current degree students who help the International Cooperation and Protocol Office (ICO) to introduce the University of Tartu (UT) to prospective international students and to develop the international alumni community.

1.2 ISA provides first-hand information about UT and student life in Estonia to prospective students.

1.3 ISA is mostly a volunteer-based programme.

1.4 In the long run, ISA aims to develop a strong community of international alumni who represent UT abroad.

2. Main activities

2.1 Events. ISA assists ICO with organising Orientation Days, Tartu city tours, Open Doors, presentations about UT, education fairs, info sessions, guided faculty tours, visits to the university, and other events run by ISO. ISA organises alumni evenings, QA sessions for admitted students, info sessions for exchange students, and other proposed events by ICO and by themselves.

2.2. Content creation. Create content for the UT website and contribute to the podcast “[Tiksu to UniTartu](#)”.

2.3. Social media and blog posts. Create content for the ISA FB page and the ISA blog.

2.3 Video content. Produce short videos for UT social media (Instagram, Facebook and YouTube).

2.4 Advising prospective students. Provide useful information and share their personal experience of living in Estonia with prospective students. ISA members do not provide admission-related info.

3. Use of brand

3.1 ISA is owned and run by ISO.

3.2 The use of the ISA name and brand without the approval of ISO is not allowed.

4. Application process

4.1 Students can apply to become a member of ISA once a year, at the beginning of autumn semester, through the official recruitment process; however, membership can be granted at any time based on the additional call for applications.

4.2 Current ambassadors are encouraged to suggest new ambassadors and can be invited to participate in the selection process of new members.

4.3 An additional call for applicants can be announced by ISO if necessary.

4.4 ISO is responsible for the selection process and makes the final decisions about students that are accepted to ISA.

5. Membership

5.1 All international degree-seeking students enrolled at the university are eligible to apply to ISA.

5.2 A member is eligible to develop and participate in projects, all activities of ISA and receive all communications of ISA.

5.3 Members receive a UT T-shirt and a hoodie that they should wear at events mentioned under 2.1.

5.4 Members must provide necessary info, including personal information (name, programme, contact, country of origin), for the profile page on the ISA page on the UT website.

5.5 A photoshoot for the ISA team is organised once per year, and consent for using images for marketing purposes will be requested from the ISA members.

5.6 It is possible to pause the membership if a student goes for an exchange semester. Upon return, the membership will be restored automatically.

5.7 ISA members are expected to perform their duties for their entire study period, but no less than one academic year.

5.8 ISA members must be present in Estonia unless agreed otherwise (see 5.5.).

5.9 In case of joint study programmes, an ISA member can keep ISA membership only if the joint programme is taking place in Estonia. If part of the programme is conducted abroad, an ISA member cannot continue being an ISA member for this period.

5.10 If an ISA member is not located in Tartu but in another place in Estonia, they are obligated to contribute to all activities of ISA online, participate online in regular meetings of ISA and if possible come to Tartu to join team-building events. Necessary trips are financed by ISO.

5.11 After successful completion of the programme (see 5.7), an ISA member receives a certificate signed by the Rector of the University of Tartu and a recommendation letter from ISO (upon request).

5.12 It is not allowed to leave ISA in the middle of the semester without a sufficient reason (e.g. leaving Estonia, quitting the university, health reasons). In such cases, a member is not considered to be a graduate of the programme and cannot be granted a certificate, recommendation letter, and listed among ISA alumni.

5.13 Once members graduate from the university or finish a nominal study period, they will be moved to the list of the Alumni ambassadors, unless they wish to remain active as a member of the ISA.

5.14 A member should notify ISO if they are going to graduate at the end of the academic year.

6. Structure

6.1 ISA consists of manager positions and regular members.

6.2 Managers comprise Facebook manager, Event manager, and Blog manager.

6.3 The ISA structure includes four teams: Event team, Content Creation team, Video Production team and Facebook team. Each group is run by a corresponding manager except for the Production and

Content Creation team. During the application process applicants can apply to become a part of one of the teams. A blog manager is not required to be in any teams.

6.4 All current and prospective ISA members can apply for manager positions during the application period. ISO chooses managers for the positions. Managers receive a compensation (stipend) for performing their duties.

6.5 If the manager would like to quit, the replacement will be found among other ISA members. Thus, this person could continue being an ISA member.

7. Video Production Team

7.1 Video Production Team is responsible for producing video content (short videos) for the UT social media (Facebook, Instagram, YouTube).

7.2 Video Production Team must consult ISO about strategies for creating a positive image of UT on social media.
